RE: Application for Renewal of Texas Forensic Science Commission Accreditation under Title 37, Texas Administrative Code, Chapter 651

Dear Ms. Fondren:

With some exceptions, the Texas Code of Criminal Procedure, Article 38.35, requires Texas Forensic Science Commission (“FSC”) accreditation as a predicate to the admission of the forensic analysis of physical evidence and expert testimony relating to the evidence in a criminal case.

As the designee of the Texas Forensic Science Commission’s Presiding Officer, I have considered your application based on your national accreditation from A2LA and grant full FSC Accreditation to Fondren Forensics, Inc. for the following forensic discipline:

*Toxicology limited to Blood Alcohol by Gas Chromatography/Headspace/FID*

The current term of A2LA accreditation is from 01/26/2022 to 03/31/2024. **The term of FSC accreditation begins 9/01/2015 and continues until such time that the accreditation from A2LA is no longer current.**

FSC accreditation is contingent upon compliance with Title 37, Texas Administrative Code, Chapter 651, including requirements of reporting correspondence, reports or communication between the laboratory and the accrediting body. FSC accreditation will be automatically rescinded at the same date and time as A2LA withdraws your laboratory accreditation.

Sincerely,

*Leigh M. Tomlin*
