Standard/Guidelines Title

Date added to OSAC Registry

Can the Standard/Guidelines be followed in totality?

Please explain if the Standard/Guidelines and the applicable clauses that cannot be followed in their totality:

N/A

Compliance plan to achieve conformance to Standard/Guidelines:

The Forensic Biology section revised the DNA Training manual to add detailed language specifying the required criteria needed to successfully pass competency tests. The DNA Training Checklist was revised to incorporate new requirements to the training programs such as lectures, practical exercises, and written tests. In addition, two forms were created: one form to document the evaluation of competency tests by the DNA technical leader and another form to document the approval of practical competency tests prior to their administration to trainees.

Declaration of Compliance to OSAC Registry Standard/Guidelines:

As of August 31, 2021, the Forensic Biology Section is compliant with the requirements listed in "Standard for Forensic DNA Analysis Training Programs".
