Standard/Guidelines Title

Date added to OSAC Registry

Can the Standard/Guidelines be followed in totality?

Please explain if the Standard/Guidelines and the applicable clauses that cannot be followed in their totality:

The Multimedia section is capable of meeting all clauses of the standard for testing tools utilized in the section. There are four clauses in the standard that are not applicable to the section because they do not use the tool or perform the service.

- 5.1.2.3 – The section does not have the tools to perform network connection and extraction application.
- 5.1.2.4 – The section does not have the tools to perform cloud acquisitions.
- 5.3.2 – The section does not have a method to perform reconstruction of deleted or corrupt data.
- 5.6 – The section does not develop in-house tools.

Compliance plan to achieve conformance to Standard/Guidelines:

The Multimedia section was compliant with all relevant clauses of the standard and no updates were required to any SOPs.

The Multimedia section does not have plans, at this time, to implement the tools or services that are currently listed as not applicable.

Declaration of Compliance to OSAC Registry Standard/Guidelines:

As of May 08, 2024, the Multimedia Section is compliant with all other requirements and recommendations listed in SWGDE 18-Q-001-1.0 “Minimum Requirements for Testing Tools used in Digital and Multimedia Forensics”.
